

Better grinding with Martin.

Martin Reichhart
Grinding Expert
Blaser Swisslube Deutschland

Our Liquid Tool. Your Success.

Get the most out of your machines and tools.

For you on site: Martin Reichhart is our grinding expert in Germany. He knows how to fight for every „μ“.

Over 30 years of grinding experience have taught Martin that there are complex interactions between chemistry and mechanics.

Benefit from his knowledge to also transform your coolant into a key success factor - a liquid tool.

We generate added value

Martin analyzes your entire production process, defines the desired improvements together with you and proves in tests that these can be achieved.

- Stable processes and high machine availability
- Long tool and sump life
- Safe work environment and happy staff
- High workpiece quality and lower overall costs

Contact Martin. It's worth it.
